ABOUT THIS REPORT

This report shows where PAC money came from and where it went in the 2025–26 school year. Most of it came from the BC Community Gaming Grant. The Province gives $20 for each student every year, for activities outside regular classes. The grant cannot pay for scholarships or for thanking our staff. Those depend on you, through fundraisers and donations.

Thank you to every family who ordered samosas, chocolates and bubble tea or gave toward the staff breakfast, to the volunteers who ran each sale, and to last year's executive and treasurers, whose records made this report possible. This report's figures for the gaming account and the family fund are checked against the PAC's bank record for the whole year.

HOW PAC MONEY WORKS

Two accounts, two jobs

The PAC keeps two bank accounts at Coast Capital Savings. Each one has its own source of money and its own rules. This report covers both for the whole school year. Dry After Grad has its own committee and its own account; the PAC supports it from the gaming account.

MONEY IN
The BC Community Gaming Grant: $20 for each student, plus bank interest

→

Gaming account
Provincial rules: spend within 24 months, a yearly report to the Province, two signatures on every cheque

→

PAYS FOR
The wish list, Dry After Grad, clubs, teams, trips and events outside regular classes

MONEY IN
Fundraisers and donations from McRoberts families

→

Family fund
No provincial rules. How it is spent is shared at PAC meetings

→

PAYS FOR
Scholarships, staff thank-yous and other things the grant cannot pay for

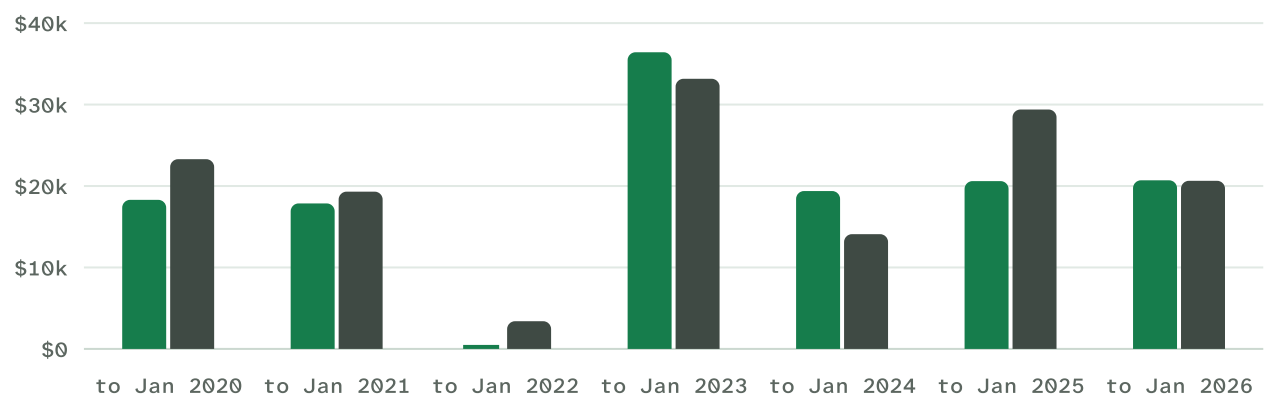

> **The grant has limits.** Provincial rules do not allow gaming money to pay for scholarships, staff lunches or anything the school must provide for classes. The family fund pays for the things the grant cannot.

THE LONGER VIEW

Seven years of the grant

Since February 2019 the PAC has received $133,260 in gaming grants and spent $143,276 of gaming money on students. Spending was higher than the grants because the account also earned interest and received money when older linked accounts were closed into it.

Grant received and spent, by grant year

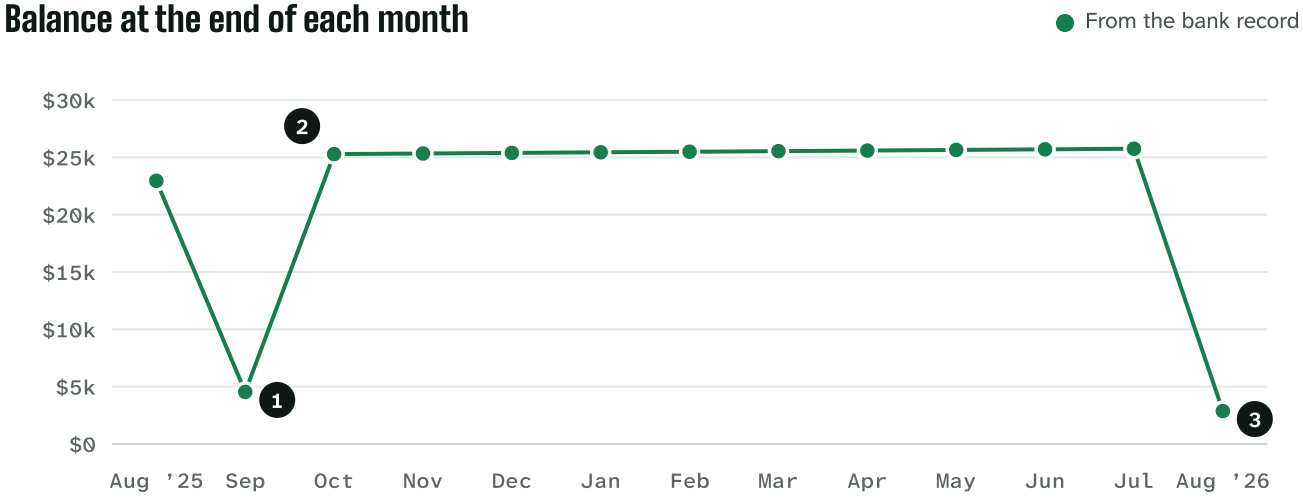

Grant years run February to January. Each year matches the PAC's bank record. Spending counts cheques in the year they were cashed. The last bar paid the 2024–25 wish list and the June 2025 Dry After Grad cheque.

GAMING ACCOUNT

The BC grant, month by month

The balance fell in September 2025 when the 2024–25 wish-list cheque was cashed, then rose in October when the new grant arrived. It earned interest until August 2026, when the PAC paid the school back for the 2025–26 wish list and the Dry After Grad bus, and ended the year at $2,865.41.

HELP US FUND 2026–27.

School budgets are tight this year, so extras like scholarships and staff thank-yous depend more on families.

The gaming grant cannot pay for scholarships or for thanking our staff. Only family fundraising and donations can.

In 2025–26 families made three Grade 12 scholarships possible. With your help, we can fund five $500 scholarships in 2026–27.

PROPOSED GOALS FOR 2026–27 (TO BE CONFIRMED AT A PAC MEETING)
